Flintco's Austin office has successfully provided construction services on projects in Texas for a variety of commercial, institutional and governmental clients including numerous complex, high-visibility University of Texas System projects. Projects currently underway include the City of San Marcos Conference Center & Embassy Suites Hotel, representing the latest project from among several across the country that Flintco has delivered for national hotel developer John Q. Hammons Hotels & Resorts, Inc.

From the LBJ Presidential Library Renovation and Lady Bird Johnson Center to the multi-national award-winning M.D. Anderson Cancer Clinic Pedestrian Bridge & Clark Clinic project in Houston, the Flintco Austin team enjoys a reputation for excellence and on-time or early delivery – all with an outstanding safety record.

Flintco's Austin office provides the best of both worlds to our clients, a local, Central Texas team with a history of providing

"The University placed a significant challenge in front of the team and Flintco picked it up and ran with it, completing the project on schedule despite several challenges that arose during the process."

Bob Rawski, UT Senior Project Manager
