Design

Does the layout meet a minimum of 5'x5'?

How much sunlight is present? Is there shelter for butterflies?

Five or more Native Nectar Plants

(Clearly labeled for easy ID)

Things to consider: Are there plants blooming spring, summer, and fall?

Two or more Native Milkweed Present

(Tropical Milkweed will NOT count) Was milkweed purchased from an organic source? Meaning pesticide free

Sustainable Management Practices

Things to consider: Mulching; Watering Practices; Use of fertilizers; invasive plants present

Integrated Pest Management

Things to consider: Use of herbicides; Chemical Pesticides; Biopesticides;
