

Please have your surveyor fill in the [brackets] below and include a copy with your submittal. Note that one “survey certification” is needed at the First Plan submittal, and one for the Record Drawing submittal. The Record Drawing Survey shall include all above ground appurtenances installed according to the PICP.

---

[Date]

REGARDING – [Project Name]

[Type of Survey] (E.g. boundary survey, site control/planning survey, as-built survey, etc.)

The survey data collected between the dates on [Date] and [Date] provided to [Engineering Client] was surveyed under my direction and supervision.
